

Youth BIOlab Field Trip Form Teacher COVID-19 Screening and Tracing Confirmation

Please note that while the Youth BIOlab follows hospital grade COVID-19 infection prevention and control measures with respect to safety and sanitation practices, we cannot guarantee a 100% risk-free environment.

We ask that each student respond to questions on our [COVID-19 Screening Form](#) the morning of the intended field trip. Additionally, we ask teachers to confirm each student passes the screening test, fill out the form below, and bring it with you when you visit the Youth BIOlab for our tracing purposes. **It is not necessary to bring individual student COVID-19 Screening Forms to the BIOlab.**

If any student does not pass the screening test, they are not permitted to attend the Youth BIOlab

AFTER YOUR FIELD TRIP - If any attendee to the Youth BIOlab tests positive for COVID-19 within 10 days of your visit, please contact us at biolab@sbrc.ca or 204-237-2809.
